

CALL FOR APPLICATIONS FOR ADMISSION

ACADEMIC YEAR 2027

FULL-TIME MPH-PhD RESEARCH PROGRAMME

GENDER DYNAMICS: A POTENTIAL PUBLIC HEALTH THREAT

A SPECIAL RESEARCH INITIATIVE UNDER THE DIRECT SUPERVISION OF THE PROGRAMME LEAD

ONLY FIVE (5) INITIAL RESEARCH POSITIONS

EMUEA invites applications from highly motivated researchers for a selective, full-time MPH-PhD research programme investigating modern gender dynamics and their actual or potential consequences for public health.

The programme will contribute to the further development and empirical examination of the "SOCIOPOLITICAL HEALTH HEGEMONY THEORY (SPHHT)" OF HEALTH AND DISEASES.

THE RESEARCH TRAJECTORY

MPH — INVESTIGATE

The MPH research stage will investigate **modern gender dynamics, their public-health consequences, and the causal pathways and mechanisms through which those consequences may arise.**

Research will not be restricted to predetermined health outcomes or research domains. Candidates will be expected to identify, investigate, and critically evaluate the health consequences emerging from contemporary gender dynamics through rigorous empirical research.

PhD — DEVELOP & MITIGATE

The PhD research stage will build upon empirical evidence generated through the research programme to **develop, refine, validate, and/or test theoretically grounded mitigation models** addressing identified public-health consequences.

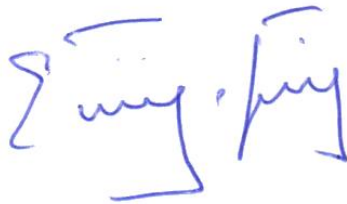

A central objective will be the further **development, refinement, operationalization, and empirical examination of SPHHT**.

HOW TO APPLY

Admission requirements and application form are available at our main website: emuea-edu.org. Applicants should prepare their application dossier and submit it directly to: pgadmissions@emuea-edu.org. Applicants should ensure that all required documents are clearly scanned and attached to their application. **Meeting the minimum academic requirements does not, by itself, guarantee final admission or programme commencement.** Admission decisions will be communicated to applicants by the EMUEA Admissions Office.

APPLICATION DEADLINE

Application Deadline: December 31st, 2026. Applications may be submitted before the stated deadline. Where places remain available, EMUEA may continue to consider applications after the deadline at its discretion.
